

We are so happy to have your child(ren) as part of our school family. While this year will most certainly be unique, we are going to make the most of it. We have spent the summer fine tuning our return to school plans and we are ready to go!

Unfortunately, this year we have had to make many changes to our program. That includes our Parent meetings and our Open House night. See the information below with regards to how we will be conducting those information nights. You will

be receiving many emails over the next two weeks

that will contain links to videos and signups, enrollment forms, and handbooks. Please make sure you read this information!

PARENT NIGHT...

This year we will not be having our traditional Parent's Only information nights. Instead you will be receiving a link in an email to our Youtube channel to watch a video of the Parent Night information. It is very important that everyone take time to view the 30 minute video. It will address many subjects that you will need to know about the upcoming school year. Any questions that you may have can be answered at Open House or please call us @ 260.338.1121.

OPEN HOUSE

Open House Night will be on **Thursday, September 3**. Each teacher will be sending out a Sign-up Genius email for you to pick a time to meet the teacher, bring in your school supplies and help ease the anxiety. We are limiting the amount of people that will be in the building at one time, so we ask that each family respect their allotted time. Masks must be worn while visiting. The Director and Office Manager will be available to take any questions and paperwork. Bring your child's birth certificate, immunization record and any paperwork you have signed and filled out.

Masks

The 3-5 yr old Preschool students will be required to bring a labeled mask in a clean ziplock bag each day. These will be worn during times that we are unable to socially distance. We would also recommend that you attach their mask to a lanyard so that it stays connected to its owner while being worn. The mask will be stored in a container (we will sanitize each night) and kept in their cubbie when not being worn. They will be returned home in the ziplock bag each day unless it was not worn.

With this letter you will also find our School Supply list, School Calendar, and our COVID-19 operations manual. Please note that the School Calendar and its events are subject to change and we ask that you read the COVID-19 manual so you are aware of our many changes and procedures for this school year. Your child's classroom teacher will be sending you an email soon with their Sign-up genius link for Open House. Please call us with any questions. Looking forward to seeing you soon!
